REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The current prior art of record fails to teach or to fairly suggest a liquid crystal display and optical shutter as two separate elements and in conjunction with a linear reflective polarizer where the reflective polarizer is in an optical path between a backlight and display panel.

Because claims 2-14 depend either directly or indirectly on claim 1, claims 2-14 are further allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
